

SOPHGENYI FEEBLE CARE INITIATIVE (SFCI)

WHY THE ENABLING CARE?

Living with a disability is very expensive hence PWDs face extra costs of living. SFCI offers measures that target enhancing self-sufficiency to avoid total dependence on family or others for care.

TARGET GROUP: Women and children in the mid Central and Midwestern regions of Uganda

MAIN CHALLENGE:

- *Funding: Our operations require a lot of funds
- * Physiotherapy and Rehabilitation equipment
- *Vehicles: Majority of our clients live in remote villages and difficult to reach locations, unless its by car.

CURRENT YEAR PLAN:

- a) Hold two sensitisation workshops
- b) Identifying and enabling more PWDs in the remote villages
- c) Home outreaches
- d) Community integration

This girl needs help!

FIVE YEAR PLAN:

Acquisition of land for Construction of a Physical Rehabilitation centre

OUR PROGRAMES:

- Advocacy for Inclusion
- Physiotherapy
- Occupational therapy
- Spiritual and psychosocial support
- Community Integration
- Sensitisation
- Outreach Services
- Net working with sister organisations.
- We do holistic approach in order to achieve improved quality of life.

“ We care about the quality of life ”

“ Let’s strengthen the feeble Heb: 12:12 ”
